- Note 1: Not Applicable. The end-use product is manufactured through an integrated system, using unregistered sources of ethyl alcohol. Information for the unregistered sources of ethyl alcohol (SDS's and CoFA's) were provided in the application.
- Note 2: Stability to Normal and Elevated Temperatures, Metals and Metal Ions is not applicable as the product will not be stored in metal containers.
- Note 3: Oxidation/Reduction Chemical Compatibility is not applicable as this product does not contain an oxidizing or reducing agent.
- Note 4: This is a conditional requirement for products which are potentially explosive. This product is not potentially explosive and data is not required.
- Note 5: Miscibility is requirement for emulsifiable liquids intended to be diluted with petroleum solvents which is not applicable to this product.
- Note 6: This is a conditional requirement for products intended to be used around electrical equipment. This product is not intended to be used around electrical equipment and data is not required.
- Note 7: UV/Visible Light Adsorption is not required for end-use products.
- Note 8: A data waiver for Acute Dermal Toxicity is requested based on the "US Environmental Protection Agency Office of Pesticide Programs, Guidance for Waiving Acute Dermal Toxicity Tests for Pesticide Formulations & Supporting Retrospective Analysis", issued November 9, 2016.
